

# Vaderlandloos

**Jr.cE.sA.r, ARSENAAL & KVS**

**Belgium | Musical theatre**

His ID did not read Belgian or South-African, but "STATELESS" in block letters. Hence, as a child, he created his own country where he and all his demons went to live.

Accompanied by his musicians, Junior Mthombeni invites the audience on a lively and enchanted journey. A journey in which he intertwines his family's history and his own. Subdued, serene and vulnerable at times; loud, rough and combative at others. Junior's words and the live music will penetrate the soul and offer warm shelter to every person who is seeking for a place in life and in this world.
